

SPRING HAS *Spring*

Our Spring Special runs from **2 September - 13 September**

Take this opportunity to get **5% extra discount** on all our instrumentation.

Up to **80%** off stock clearance items – LIMITED STOCK

All prices are ex VAT & subject to stock availability

Elcometer MTG8 Ultrasonic Material Thickness Gauge Only*

MTG8 is the premium gauge equipped with all the features needed to measure material thickness and velocity on almost any material for various applications. Comes with Free Software to create reports.

Spring Special **R36,000**

Normally retails at R48,000
