

MontiPower MBX Electric

The one step tool that easily removes rust, corrosion, oxidation, adhesives, gaskets, layers of paint, undercoating, sealers, vinyl and dresses weld seams. The flexible-wire belts rotate in a patented housing, spinning outward with centrifugal force and working on a cushion of air.

Specially designed bristles are U-shaped staples inserted through a durable nylon belt and provide safe, long-lasting performance.

Bristle tips have a positive rake angle, striking the surface and rebounding in a chiseling action removing surface coatings and scale but not substrate material

Features

- Rapidly removes corrosion and oxidation- both hard and soft material
- Performs on uneven surfaces
- Highly flexible in tight areas
- No clogging or gumming of bristles
- No grinding or removal of substrate material
- Efficient cutting action – creates angular profile
- Removes seam sealer, undercoating, stoneguard, rust and paint, decals and adhesives

Technical Specifications

Details	230 V 50 Hz / 60 Hz
Part Number	SE-206-BMC
Length	370 mm
Height (incl. handle)	180 mm
Width	100 mm
Weight	2.2 kg
Belt diameter (outer)	100 mm
Output	700 W
Idle speed (± 5%)	3,200 rpm
Vibration Level	0.79 m/sec ²
Sound Level	83 dB(A)

Packing List

MBX Electric Unit

Bristle Blaster Adaptor System for 23mm

Bristle Blaster Adaptor System for 11mm

MBX Belt - Steel 23mm Black (Coarse)

MBX Belt - Steel 11mm Black (Coarse)

MBX Belt - Steel 11mm Ochre (Med)

MBX Belt - Steel 11mm Green (Fine)
