

Sagola Disposable Paint Cup System

The Sagola DPC Disposable Paint Cup System by Elcometer offers a cost-effective, time-saving, quick colour change solution for today's busy spray shop professionals.

- **Easy to Use:**
On-cup ratios and fill markings reduce the reliance on traditional mixing cups, just fill, mix and spray!
- **Easy to Store:**
To store unused paint between coats simply fit the Cup Seal Plug and store it upside down to keep the filter wet.
- **Easy to Change**
With a range of adaptors to fit Sagola Gravity Spray Guns as well as other manufacturers' guns, starting to use Sagola DPC System couldn't be easier
- **Easy to Clean:**
Compared to traditional gravity cups the Sagola DPC System significantly reduces cleaning time and solvent use.

Key Features

1. Tough Plastic ABS Cup with integrated measuring guides. Available in a range of volumes from 100ml - 800ml
2. Disposable Liner recyclable and designed to collapse evenly.
3. Screw Collar with integrated cup seal.
4. Domed Lid & Filter integrated, full-diameter filter for consistent paint flow.
5. Adaptor with enhanced twist lock connector. Compatible with all Sagola spray guns as well as other manufacturers' guns.
6. Cup Seal Plug for storing paint whilst not in use.
