

# Sagola MP300 Breathing Mask

Standards:

EN 140:1998, EN 143:2000/A1:2006, EN 14387:2004/A1:2008

The Sagola MP300 Breathing Mask adapts perfectly to all kinds of expressions and movements, always providing the highest possible level of protection. The Sagola MP300 mask and A1 filter set have been designed to provide maximum protection against inhalation of organic products with a boiling point over 65°C, without inconveniencing users in any way, enabling them to carry out their work in complete comfort.
